

**APPENDIX TO THE PRE-CONSTRUCTION HEALTH & SAFETY PLAN  
FOR WORKS TO BE CARRIED OUT BY THE TERM  
MAINTENANCE CONTRACTOR**

**Works Order: Supplementary Information**

**Project:** M1 A track clearance of trees in verge

Works Order No.	7471/34455
Project No.	710000
PIN No.	L200563

To be completed by the designer to supplement information included in the pre-construction Health and Safety Plan.

Start Date: 30<sup>th</sup> January 2006      Finish Date: 31<sup>st</sup> March 2006  
Supervisor:  
Location: M1 A track MP 24/1 to 24/5  
Subject: Tree felling

**Description of Works**

- Fell 7No trees in verge (not marked)
- Arisings to be chipped back onto verge

First tree just before MP 24/1  
Trees 2 to 4 just after MP 24/1  
Tree 5 just before MP24/3  
Tree 6 just after MP 24/3  
Tree 7 just before MP 24/5

**Drawings provided**

None

**Special Requirements e.g. materials, etc**

None

**TM requirements**

Existing TM in place

**Design Assumptions / Specific Site Information**

None

**Environmental issues, e.g. in Record of Determination / PAR, that Contractor should be aware of**

None

**Permitted Noise Levels for the Site**

No restrictions

Engineer's confirmation      Date

Name of Designer: \_\_\_\_\_ for MouchelParkman

Name of Planning Supervisor Coordinator: \_\_\_\_\_ for MouchelParkman

1	Is there any information in existing Health & Safety files that is relevant to this Works Order?		YES	NO
2	Are there any existing drawings available that are relevant to this WO?		YES	NO
3	Is Statutory utility apparatus affected by the works?		YES	NO
4	Do Statutory utilities present hazards to the works?	Overhead	YES	NO
5		Underground	YES	NO
6	Are works near to local authority apparatus?	Traffic signals	YES	NO
7		Street lighting	YES	NO
8		Lit signs	YES	NO
9		Data /Camera loops	YES	NO
10		CCTV	YES	NO
11		Bus equipment	YES	NO
12		Other	YES	NO
13	Will temporary road closures or TTROs be required to carry out the works?		YES	NO
14	Have necessary road closures or TTROs been arranged by MouchelParkman?		YES	NO
15	Must the Contractor consult with the emergency services on traffic management measures?		YES	NO
16	New Roads and Street Works Act:	Are sites of 'Special Engineering Difficulty' involved?	YES	NO
17		Are 'Traffic Sensitive Streets' involved?	YES	NO
18		Is there any conflict with other works in the area?	YES	NO
19	Is land adjacent to works area particularly at risk from the works?		YES	NO
20	Are there any hazardous land uses adjacent to the works?		YES	NO
21	Is there suspected ground contamination affecting the works?		YES	NO
22	Are there any known ground stability problems affecting the works?		YES	NO
23	Are there any hazards from design elements that go beyond those already included in Term Contract Documents?		YES	NO
24	Is access difficult / needing specialist equipment? / needing special requirements?		YES	NO
25	Are confined spaces involved?		YES	NO
26	Will the Planning Supervisor advise the Contractor to prepare a unique risk assessment / method statements for the Works Order before Works are undertaken?		YES	NO

Where "Yes" has been noted above, the details are listed below (using numbering referencing as above):

Continued over? YES/NO
