Dear [Name removed under the Data Protection Act]

Freedom of Information request - A38 Haldon Hill Devon

Further to your request dated 23 August 2008, for clarity, the recent works on the A38 at Haldon Hill were not an improvement scheme but a maintenance one. The final cost of the works is estimated to be £2,525,927.

With regards to the accident data, we currently have validated statistics up to 2006 – these show that in the five years prior to 2006 there were no fatalities on this stretch of road where the works took place. The data for 2007 is due to be validated and released by the end of November 2008.

Yours sincerely

[Name removed under the Data Protection Act]
