You are invited to attend an exhibition showing our revised proposals for the A45/A46 Tollbar End Junction Improvement.

The plan in this brochure shows the new proposals. They are similar to the earlier proposals however, we have omitted a link road between the A45 London Road and Siskin Drive and amended improvements to Stivichall Junction.

We will be at the exhibition with our contractor (Morrison Construction) and designer (Hyder) to explain the proposals and discuss any queries you may have.

Safe driving at roadworks

During 2005, five workers were killed and 12 seriously injured in the course of their work on Highways Agency roads. This was the worst year since 1999.

For the safety of all road users and roadworkers, drivers approaching roadworks are advised to:

- Keep within the speed limit – it is there for your safety.
- Get into the correct lane in good time – don't keep switching.
- Concentrate on the road ahead, not the roadworks.
- Be alert for works' traffic leaving or entering roadworks.
- Keep a safe distance – there could be queues in front.
- Observe all signs – they are there to help you.

Remember that tiredness can kill. Take regular breaks from driving.
